

ONOC / OSFO / OTU Supported Regional Training Camp – Tahiti (26th Sept - 5th Oct 2022)

Fiji, PNG, Samoa, Solomon Islands and Tonga athletes, coaches and referees participated in a number of international high performance training camps led by three-time Olympian Mr Dong Min Cha who won Gold at the 2008 Beijing Olympics, competed at the 2012 London Olympics and won a Bronze medal at the 2016 Rio Olympics. Oceania athletes had the benefit of being trained and led by one of the best taekwondo athletes in the world.

This training camp also provided coach / referee education under the watchful eye of Mr Denzil Ray, OTU's international education manager.

This camp was only made possible because of the assistance from ONOC, OSFO and the OTU. The attendance of many Oceania athletes to these events was made possible because of development grants provided by ONOC and administered by OSFO. Our deepest thanks and gratitude is extended to ONOC and OSFO for the financial assistance provided to assist us to host these international events and to ensure our Oceania athletes, coaches and officials had the financial means to attend the events.
